APPROACH USED IN THIS WORKSHOP

The training takes place in a group. Questions invite you to observe your life on the theme being dealt with and to describe your experience. The time of guided analysis is followed by optional sharing, without entering into discussion. In order to deepen participants’ personal research, the educator gives input and uses various means (diagrams, commentaries, observations notes, etc.). The variety of experiences shared in the group enriches participants. You are invited to make well thought out decisions corresponding to your actual reality.

CONDITIONS DE PARTICIPATION

This workshop is open to all adults. It is not required to have specific competencies for drawing or painting. It is not recommended for deeply perturbed individuals, or for individuals in psychotherapy, unless they receive the approval from their psychotherapist.
